Grace Drive Water Main Loop to Begin

ELLICOTT CITY, MD – A Howard County construction project to loop two public water systems along Grace Drive in Columbia is scheduled to begin on or about Monday, August 3. The project will include the installation of approximately 914 linear feet of 8-inch diameter PVC water main to provide redundancy to the Howard County water distribution system. The majority of the work will take place along the shoulder of Grace Drive between Cedar Lane and Quiet Night Ride. Weather permitting, the project is expected to be completed by late April 2016.

During the project, the impact on residents in the surrounding area should be minimal. Brief traffic delays can be expected between the hours of 9:00 a.m. and 3:00 p.m., Monday through Friday. Flagging operations will be in place to direct traffic as needed, and signs will be posted to advise motorists of the construction.

For questions or concerns about Capital Project W-8301, contact Lisa Brightwell, Public Works Customer Service, at 410-313-3440 or email publicworks@howardcountymd.gov.
